

- **Can be designed according to the customers' demand---**with different dimension and bearing capacity.
- **The best load-bearing design---**Fullway Paper Pallet can replace common paper pallet when with high load-bearing.
- **Light in weight---**the average weight of paper pallet is only two thirds of the weight of wooden pallet.
- **Neat and beautiful shape---**the appearance is smooth, neat, beautiful and dignified, and with no injury to the export products, which increase the additional value to the customers' product
